## HIGHWAY SITUATION LOOKS VERY PROMISING

**Senator Slater Has Assurance of the Commission's President and Mayor Del Poggetto Learns That Highway Will Positively Come Through Sonoma.**

The immediate prospects of state highway work between Shellville and Santa Rosa looks exceedingly promising. Senator Herbert Slater, who is giving valued assistance at Sacramento in our behalf, has had the assurance of President Darlington of the State Highway Commission that a hearing will be given the local delegations as to the routing of the highway from Beltane when the commission meets in San Francisco. Mr. Darlington informed Mr. Slater that data and a report was being compiled relative to the second survey via Glen Ellen which would be carefully considered by the commission.

A party of state highway surveyors were in town Wednesday taking down data on Sonoma's streets. This is undoubtedly for information relative to the request of Sonoma asking aid as a small municipality bonded to the limit for permanent street improvements but unable to carry out the programme with the money on hand unless help is given by the highway commission. It is understood that the state looks favorably upon the request of Sonoma's City Trustees and may vote the funds necessary to assure uniform street pavements and connections with the state highway at the town limits.

Mayor Del Poggetto was in San Francisco Wednesday and received assurance that the Shellville-Santa Rosa road will come through the town of Sonoma regardless of the final survey up the valley.

### Cars Collide But No One Hurt

An accident which might have had serious results occurred Thursday, when Ed Clements, turning into Napa street from Broadway in his Ford car, collided with A. Maffei, who was backing his Chalmers roadster on Napa street. The Ford struck the Chalmers, ran over the rear end of it and overturned. Clements was unhurt, but his car was badly mussed up. Maffei escaped without injury to himself or roadster.

### School Closed As Precaution

In order to avoid any possibility of the spread of measles which has been prevalent among a number of families, the grammar school was closed this week for a fourteen day vacation by order of the trustees. Sixty children were absent one day.

Mrs. William Clewe (Harriet Smith) entertained a group of Santa Rosa friends at a luncheon party at her Sonoma home recently. In the company were Mrs. James H. Gray, Mrs. Don Gray, Mrs. Jackson Temple and Mrs. Frank Comstock. The party motored over to the Mission City and returned. Mrs. Clewe's was a particularly delightful luncheon and her decorations added much to its charm. These consisted of a combination of all the exquisite wild flowers with which the Valley of the Moon is so lavishly carpeted at the present time.—Press Democrat.

## JAP MENACE IS TOLD TO WOMANS CLUB

**Joseph Garry Gave Very Interesting and Pertinent Facts Before Sonoma Valley Woman's Club On Campaign for Japanese Exclusion.**

Joseph A. Garry, an attorney of San Francisco and a director of the Japanese Exclusion League, held the attention of a large audience at the Sonoma Valley Woman's Club Friday of last week, his theme being the menace which the Japanese penetration of this country is fast becoming and the object of the educational campaign for which the present drive is being conducted.

Mr. Garry brought out some startling facts, and his data was comprehensive and convincing. He outlined the history of our relations with Japan, the policy which has enabled the Japs to get such a grip on the Pacific coast, the increase of their birth rate, now 5000each year, the ultimate outcome of native born Japs voting at the polls, their eternal allegiance to the Mikado, the setting up of Buddhist temples on our shores, the school problem, and many other important phases of the Japanese question. Mr. Garry recalled the 13,000 picture brides landed here to perpetuate the Jap race, the violation of the gentleman's agreement, and declared it was high time to call a halt and awaken the East to the seriousness of the situation. He urged the importance of funds to carry out the plans, to have speakers tour the Eastern states and give out the facts, together with booklets setting forth the necessity for national action. All work so far is being done by volunteers. No salaries are paid from the funds of the league.

Mrs. Burlingame, in charge of the local drive for the educational campaign, reports $100 of the $200 asked of Sonoma already raised. Further subscriptions are urgently requested.

### Which, When Translated, Means Gets Busy

The criticism of a local business man who is wrathy that the fallen trees in the plaza have not yet been removed is entirely justified. A little action, gentlemen of the Board of Trustees, for the sake of the appearance of our town.

### JOINED THE SANTA ROSA ELKS WEDNESDAY

Among the eleven candidates made members of Santa Rosa Lodge of Elks Wednesday night were W. L. Murphy of Sonoma and Geo. C. Bailey of Kenwood. The prize winning degree team from Petaluma officiated.

### Mrs. Green Has Been Ill

The many friends of Mrs. Louis Green will be sorry to hear that she has been ill with heart trouble and under the care of a nurse. Mrs. Green has done splendid work in the Red Cross and other public service and is believed to have overtaxed her strength.

Howdy! The friendly drink.

## GEO. BLOCK MET WITH MOTORCYCLE ACCIDENT

**Auto Stage Driver Had Leg Broken In Collision Near Santa Rosa.**

George Block of El Verano, former bus driver for the San Rafael-Sonoma line, but recently employed by A. Dunham, on the Napa-Santa Rosa run, met with an unfortunate accident near Melitta last Saturday as he was riding on his motorcycle to his work. While rounding one of the sharp curves between that place and Santa Rosa, Block crashed with an automobile being driven by Angelo Cassoni of Santa Rosa. He was hurled to the road. Passersby aided in taking him to the hospital where the serious character of his injuries were discovered. His foot was badly mangled and his leg so badly broken that amputation was for a time believed necessary. Block is better now however and surgeons believe he will entirely recover without an operation. George's many friends will be glad to know that he is coming out all right.

## LEGISLATORS HEAR PLANS FOR SONOMA VALLEY INSTITUTIONS

The representatives of the State Home of the Feeble Minded at Eldridge were given a hearing at Sacramento last week before the legislature, as also were Duncan Mathewson, director of the new home for delinquent women at Buena Vista.

The institutions are seeking appropriations for maintenance and improvements. Col. R.A. Poppe of the State Home board went to Sacramento in the interests of the feeble minded. Mr Poppe says the committee looked upon sums sought for the home very favorably.

New cottages, new assembly hall and an industrial building are sought. The moving of the assembly hall and work shops to other quarters will make room in the main building for about 190 more inmates. As there are six hundred feeble minded on the waiting list this is quite an item.

The institution now being made ready for women of the night life who have been convicted and will be sent to Buena Vista to reform was not so favorably considered by the legislators, who, despite Capt. Mathewson's eloquent plea, were inclined to doubt the wisdom of spending $18,000 for the experiment of reforming this class of delinquents.

## HIGH SCHOOL NOTES

Five of the Senate Club members motored to Sacramento to witness the functioning of the State legislature on Wednesday. Those in the party were Victor Clements, Fred Batto, Herschel Hyde, Wilfred Cohen and Harry Burmeister.

Both our baseball and tennis teams won the games played at Tamalpais last Saturday. The first games of the league will be played this Saturday in Santa Rosa. Sonoma Hi is justifiably expected to come home with the honors.

Friday night, March 18, a school party was enjoyed at the Woman's club house. After a programme of comical stunts given by the respective classes and the Honor Society, dancing became the order of the evening. Every one found the evening one of real pleasure.

Two days, Thursday and Friday, were enjoyed as vacation this week.

The following officers were elected for the ensuing year: President, R. Lichtenberg; Secretary, E. Blomgren; Vice President, W. King; Treasurer, R. E. Perkins; Directors, Mrs. O'Donnell, Mrs. E. F Sheppard, E Wagner, G. Darling, W. King, J. Murray, F. Clewe

## RARE DOCUMENT OF HISTORY IS DISCOVERED HERE

**City Trustee Breitenbach Finds Communication From Early California Governor On First City Election.**

Bearing the date, August 24, 1846 and dated at town of the Angels, an interesting old document, signed by B. F. Stockton, Commander in Chief and Governor of California, has been found by Trustee Geo. Breitenbach, among old papers in Sonoma's city hall.

The letter is evidently addressed to Alcalde Boggs, whose district extended from Sutter's Fort on the east, the Oregon line on the north, the Pacific ocean on the west and the bay on the south. Alcalde Boggs made his headquarters here in Sonoma, then the principal place of business north of the bay.

It accompanied Governor Stockton's Proclamation and a call for the first municipal elections in California on September 15th, 1846. The document, hand written and in excellent state of preservation reads as follows:

Town of the Angels, August 24, 1846.

Sir.

Accompaning this you will receive my last Proclamation and a Notice to the Inhabitants of the several Towns to hold an Election for the appointment of their Municipal officers on the 15th of September next. Which papers you will have posted up, and attend to the conducting of the Election.

I am Respectfully Yours,
B. S. STOCKTON
Commander in Chief and
Governor of California.

To the Alcalde or, Person in Charge in the Town of Sonoma.

P. S. Should this be received too late you will name another day.

## BOCCA RANCH PURCHASER ASKS JUDGMENT

Judgment for $2791.25, with interest and costs of suit, to be adjudged a lein on the real property involved in the case, sale of the property by court order, and execution for any deficiency judgment, and delivery and cancellation of a note and mortgage held by William H. Pool, are asked in the superior court complaint of D. Damonte against Clementina Bocca Maccagno, as administratrix of the estate of Francisco Bocca, and in person, John Doe Maccagno, Mary Taranto, John Doe Taranto; John Bocca as administrator with the will annexed of the estate of Guiseppe Bocca, and in person, Margherita Bocca, John Doe Bocca, and William H. Pool.

The action was instituted Wednesday, and it is alleged that defendants became indebted to plaintiff in the sum of $2761.25 for money had and received, and rendered services and performed labor at their special instance and request, reasonably worth $1500. Nothing has been paid, it is said, on either of these accounts.

It is further alleged that on December 6, 1918, the plaintiff executed a contract with certain of the defendants to buy real estate for $8,500. The plaintiff executed his promissory note for $5000 as part payment for this property, and delivered note and a mortgage on the property to William H. Pool. But, it is charged, the contract was executed through mistake in fact, as the defendants pointed out land adjoining the property purchased, and represented they owned it all. The plaintiff says he was not familiar with the description of the property and believed he was buying the whole parcel. On notifying the defendants of the error, they promised to secure title to the extra piece for him, but failed; so July 1, 1919, he served notice of rescinding of the contract, and on July 10 vacated the property, turning it back to the defendants. Since that time he demanded return of the note and mortgage, which was refused.

## LIVE WIRE SONOMA FOLKS AID SPEEDWAY

**Life Membership Certificates to Finance the Great Project Are Being Readily Sold Here.**

The plan to build a $250,000 speedway like those at Fresno and Los Angeles and to put Sonoma county and Northern California on the map by drawing the immense crowds to the international circuit events which would be staged here twice a year has been stirring up a lot of interest in Sonoma valley. As a result progressive citizens who are anxious to aid in the big plan to develop this section are readily subscribing for the $100 life membership certificates which are to finance the project. The Sonoma valley has been canvassed the past week and very favorable reports are being sent in to headquarters.

The speedway is to be the cardinal attraction for the annual fair, and through it the financial side of the fair will be assured. Adequate fair buildings and grand-stands are included in the speedway construction plans. At Fresno and Los Angeles the speedways have proved that people by the thousands will flock to see De Palma and other great drivers, who appear on the National Racing Circuit.

It is a big thing for Sonoma county to capture, and Sonoma valley will be directly benefited by the traffic which will come this way from the interior and Sacramento to Cotati where the fair grounds are to be located. "Concrete promotion work such as this has got the hot air brand backed off the map," so a local enthusiast has expressed himself.

Local subscribers to speedway life membership so far are as follows: Sonoma—Wm. F. Clewe, H. F. Bates, Morris Levy, E. T. Lindley, Sam Sebastiani, Walter Murphy; El Verano—Emmett Mullen; Verano—P. V. Vannucci; Boyes Springs, etc.—King & Blomgren, Geo. Darling, Geo. Fetters, R. G. Lichtenberg, B. Cabanot, L. B. Filippini.

## MRS ADA PAULI HAD SAD NEWS OF RELATIVE

Mrs. Ada Pauli, the Western Union telegraph operator, has received sad news from her nephew, Earl Ennis, the talented newspaper writer and contributor to the San Francisco Bulletin. He was forced to submit to the amputation of one of his legs following an accident. Ennis recently moved to the Oakland foothills and while romping with his children dropped a revolver which was accidently discharged. He was shot in the leg, and rushed to the Emergency Hospital but as blood poisoning subsequently developed, he had to have his leg amputated. He is a fine specimen of young man and the accident is greatly regretted by his associates and the many admirers of his clever and witty writings.

## JURY BROUGHT IN VERDICT OF GUILTY

**Recommends That J. L. Bernard Be Given Suspended Sentence for Disturbing the Peace.**

The trial of the Bernard case held the center of the stage at the City Hall on Tuesday last, with J. L. Bernard appearing as his own attorney, in the action brought against him for disturbing the peace of C. F. Rickley, a resident of the Baxter tract. A jury was impaneled and sat in the case, the plaintiff's version being set forth by Attorney Frank Sprague. Witnesses put on the stand for the plaintiff were Mrs. Joe Bacher, Mrs. R. Randolph and Mrs. C F Rickley. The defendant testified in his own behalf, as did also his wife, Mrs. Bernard. After listening to the allegations of "tumultuous and offensive conduct" and the defendant's side of the case, the jury retired and shortly rendered a verdict as follows, "Guilty as charged, and we recommend to the court that the judgment be suspended." Al. Stein was foreman of the jury, whose other members were E. Pinelli, Wm. Durant, R. Cantoni, D. Laymon, W. W. Carter, E W Vernon, Thos. Tierney, Fred Meyer, A. Brubeck, L. Quartoroli and J. Coffeen

Judge Small imposed a suspended sentence of 90 days.

The case grew out of ill-feeling which has existed between Bernard and Rickley for some time, and Mrs. Rickley finally swore to a warrant charging Mr. Bernard with disturbing the peace of her husband.

Postmaster John Wagnon and Mr. and Mrs. Fiscus motored to Patterson over the last week end, and upon their return were accompanied by Mr. and Mrs. Hamil Wagnon.

## A LITTLE TRUTH FORCED HOME

**IT IS NOT SURPRISING** that the Index-Tribune should be the object of the attack of a publication whose principal function in the community is just this sort of thing and whose faine along abusive lines in notorious. We have but to recall the unjustified and miserable attack on Sonoma's cannery and its progressive owner, the ridiculous tirade on an entertainment and fashion show given by a local organization, the attempted repudiation of the auditor's report of the Black Point Cut-off celebration, the puerile criticism of the city trustees because a brewery truck hauled gravel for our streets, the unjustified tirades made against the resorts and vineyard interests of Sonoma Valley, the far-fetched attack on the coroner and public administrator who was re-elected by a handsome majority, the vituperative and sickly attempt at recalling the district attorney and other stupid and uncalled for breaks, to refresh the memory of our readers as to the spirit and calibre of our critic.

In a jealous attempt to undermine the status of the Sonoma Index-Tribune as an advertising medium, he has attempted to crack the whip and compel us to come through with an accounting of our affairs in which he has chose to meddle. The logic which prompts a competitor to be the aggressor who could not by any possible chance come out on any but the short end of a show down is beyond us, but quite in keeping with the extremely queer ideas of the specimen being microscoped.

The IndexTribune stands back of any statement ever made in regard to its circulation, but we do not propose to be investigated by the "ethical editor" whose latest reform is the reforming of the local press, to-wit: the Index-Tribune, although reform, in this case, might very properly begin at home

In his desire to raise the moral tone of newspapers, and in his "holier than thou" pose to put journalism on an ethical basis, he seems to have overlooked the constant admonitions in the American Press to avoid nasty attacks and controversies with competitors. For the past five weeks the Index-Tribune and its editor have been subjected to personal and journalistic attack by the jealous competitor—columns of spiteful and sarcastic villification, which we have been loath to answer at any length because of the call on our columns for advertising and the press of real news. There is a limit to tolerance and good nature, however, and we believe our readers will agree that this attack which we did not provoke, nor in the remotest way call forth, unless by stirring the spleen of our critic through the trip to Washington or the proud reference to our splendid circulation, has been entirely uncalled-for and reprehensible, especially at the hands of one whose religious cloak is paraded so promiscuously and who covets the sobriquet of a MAN

**NOW THE HARRIS ACT** is to be ditched by the "drys" and camouflaged as the Wright act and offered as a substitute. It is the same measure that the people have so often rejected in California, but under the compelling title of the Wright act, the profits hope to make it stick. Voters however will not be slow to realize that this is the wrong act, not the right for sunny, cosmopolitan California, with its vineyards and hop fields. Furthermore California does not need to have the further expense of national prohibition enforcement added to its already big expenses. We should not impoverish the state to prop the crusade of the "drys"

## EVERETT SPRAGUE WINS BOY SCOUT HONORS

Everett Sprague, son of Dr. and Mrs. Fred Sprague, formerly of this place but now of Alameda, has received special honors as a Boy Scout of the Encinal City. Here is what the Alameda newspaper, the Times-Star, has to say about Everett's achievement:

Lots of Scouts know Everett Sprague of troop 4. We don't want to embarrass him, but we must say that for several months he has stood out as one of the best scouts in Alameda. He is afirst-class scout, has earned five merit badges during the past year, has attended nearly all troop meetings, has honestly practised the scout oath, laws and good turn, and has worked hard as patrol leader and senior patrol leader in troop 4. And so, on recommendation of his scoutmaster, Mr. Skowran, he has been awarded the 100 per cent duty shield for one year. This is an honor which no scout can buy—he can only earn it. He must be an outstanding scout in every way and must show an exceptional record for a year in order to receive this highest honor given by the local Boy Scouts.

At a big meeting of the boys in Alameda ex-Major Taylor made the awards. The Time-Star reported it is follows:

Following the troop stunts, E. K. Taylor, chairman of the Court of Honor, awarded merit badges for athletic and personal health to Culver Williams and Everett Sprague. Scout Sprague also received the 100 per cent duty shield for one year. This is the highest honor given by the local Boy Scouts, and has previously been awarded to only one Scout.

## HOW THEY PROPOSE TO RUN THE COUNTRY

The way to enforce prohibition is to appoint none but prohibitonists for its enforcement Instead of appointing an officer because he is a democrt or republican, appoint him because he is a prohibitionist and known to be a man of unimpeachable honor.

Appoint no judge who is not a prohibitionist; no federal attorney who is not heartily in sympathy with the federal law.

Make every United States marshal a prohibitionist.

Put on juries but those who believe that prohibition should be enforced.

It is a simple little recipe, but it would work to perfection, and some day it is going to work just that way. --From the Methodist Episcopal Church Board of Temperance and Morals.

The American Express Company's local agent, J. Bancroft, attended a conference with other agents this week at Santa Rosa. The meetings are for the purpose of betterment of service and will be held from time to time.

E. D. Morris, one of the recent comers to the Valley ofthe Moon and a talented organist, delighted the Congregational church folks recently with a little recital, which thrilled his hearers and proved him to be a fine musician. Mr. and Mrs. Morris are recently from England and bought the Equi ranch here.

## WHAT THE UNIVERSITY OFFERS IN MOVIES

University of California Extension is to distribute story moving pictures throughout the state to schools and clubs. The films, to be circulated from room 301, California hall, Berkeley, will have a professional standard, as well as educational value, for novels and poems studied in the public schools have been turned into movies and made available for popular presentation, and the leading part in two of the films is taken by Frederick Warde, the noted tragedian.

The first story "releases" of University Extension are to be "Silas Marner," seven reels; "Enoch Arden," two reels, and "Benedict Arnold," two reels. A Biblical reel also now ready for release is "Egypt in the Time of Moses," but no claim is made that the film was found in a pyramid However, it was carefully prepared under the direction of learned Egyptologists.

The "Silas Marner" and "Enoch Arden" films will doubtless be in great demand from schools, as the George Eliot novel and the Tennyson poem are read by all school children. The scenario of "Enoch Arden" cannot be greatly different from that of many movie successes, but the film follows the story of self-sacrifice sympathetically, bringing out the poetic beauty of the renunciation. Frederick Warde, the great Shakesperean actor, portrays the part of Silas Marner, the old miser who found the pile of gold on his hearth was a little child's head, and of Enoch Arden, the man who returns home virtually from the dead, to discover his place filled. The fact that so distinguished an actor as Warde has a place in the films is a guarantee of the high character of the productions.

F. E. Duncan, a gentlemanly young man ambitious to win the special U. C. scholarship offered by the Pictorial Review, has been in Sonoma this week soliciting subscriptions for the publication.

Mrs. J. E. (Julius) Poppe celebrated her birthday last week, and many friends called to congratulate her and were welcomed with a birthday cake and coffee.

### Baby Was Badly Hurt

Mr. and Mrs. Roy Lynch passed though here last Saturday en route home to Vallejo. where Mr. Lynch is employed at the navy yard. They were none the worse for their recent bad automobile accident, but brought news of the serious injury of their two-year-old niece, who had her leg so badly fractured that she is still in Healdsburg and in a plaster cast to her chest. The accident was caused by a big truck cutting in and overturning their car. The baby was the only one hurt, although Mrs. Lynch was unconscious following the accident.

### Title Is Quieted

A decree quieting title to certain property near Vineburg, in the name of Walter B. Bundschu, was signed Monday in the Superior Court as a result of a friendly action brought by Bundschu against Francisco Bundschu as administratrix of the estate of Jacob Gundlach. Findings and rights for a new trial were immediately waived by the defense.

## RESOLUTIONS OFFERED AT VALLEY OF MOON CHAMBER OF COMMERCE MEETING.

(By George F. Darling)

The following resolutions revealing the object and spirit of the new Valley of the Moon Chamber of Commerce were offered by George F. Darling at the meeting of the organization at the Boyes Springs hotel last night:

Resolved, That this corporation, known as the Valley of the Moon Chamber of Commerce, including the entire valley beginning at Kenwood and reaching the San Pablo bay and east and west from one range of hills to the other, is the Valley of the Moon. Its name, given by an Indian chief, "Sonoma," is moon. Therefore be it known that we mean to advertise this valley to the world. It is a known fact that Jack London, in his wonderful writings, translated these words, Sonoma valley, into the now famous phrase, "The Valley of the Moon."

Be it resolved. That we honor his name with the Valley of the Moon, as he has brought us to realize the beauties and wonders and the great commercial advantages and opportunities of this valley; therefore we extend an invitation to every one within this radius or within the county of Sonoma to join the Valley of the Moon Chamber of Commerce.

Be it further resolved, That we will unselfishly advertise and cooperate with all other organizations for the betterment of this valley or county.

We will help in colonization. We realize the great opportunity which the advertising of the old mission and historic landmarks at Sonoma will be to all tourists who come to San Francisco will make the short pilgrimage to the mission and the Valley of the Moon.

Be it known that this valley is the greatest garden spot of the world. The climatic conditions are unsurpassed for fruit, dairying and for the chicken industry. We guarantee expert advice to the chicken raisers coming here. Better and cheaper marketing facilities and the same to the dairy and fruit men will be our aim.

We will try to create a better home market, where cash will be paid for the product, and to help better conditions generally. We ask our farmers to join and cooperate with us.

We stand for a better light and power system, lower and better rates and passenger system, better highways and byways and general cooperation of all interests and peoples combined for the betterment of all enterprises that are legitimate and tend to increase or improve the commercial interests of our county. We approve of the speedway to be built between Petaluma and Santa Rosa. We approve of the Golden Gate ferry project. We approve of the consolidation of the water systems.

We approve the movements to organize and advertise the various beauties and resources of Sonoma county. We approve and insist upon the state highway being built between Shellville nad Santa Rosa and urge that this work be started immediately.

We invite cooperation of all well-organized bodies for the general welfare of Sonoma county and we pledge ourselves as a body to work not for individual interests but for the general well-being of Sonoma county and we invite again the cooperation of all organizations and of all individuals who have the same unselfish feeling, and we claim that the results of this work cannot be measured by dollars and cents, because it means the future of this great empire which will one day be the most wonderul place in the world.

Mrs. Ed Clements' little daughter has been ill with the measles.

Al. Stein has been fortunate to secure the agency of the celebrated Columbia phonograph and records.

Miss Florence Murphy spent the last week end in San Francisco, and while down there visited the de Young museum at Golden Gate park.

Armando Bianchini and Joe Keiser were elected delegates to the grand parlor of the N. S. G. W. at the meetin of the Sonoma Natives Monday night.

Mrs. Levisa C. Lewis, widow of the late L. L. Lewis of El Verano, recently disposed of valuable business holdings in Alameda. The realty brought about $20,000.

Henry Weber Jr., of the Sonoma Valley bank, spent Sunday in San Francisco, and while passing through San Rafael called on Mr. and Mrs. Ted Whitlow to extend his condolences in the loss of their little girl.

## LONG CASE SHORT ON EVIDENCE IS DISMISSED

George Long, who was tried here in Judge Small's court on Tuesday for flourishing a deadly weapon, to-wit, a revolver, was freed by his honor, who decided that the testimony was too conflicting to warrant the holding of the defendant. L. H. Krapperich alleged that Long had a gun, and Wm. Pringle, a witness, also otestified as to the gun. On the other hand, witnesses, including Pringle's mother, Mrs. Harriet Pringle, testified that what Long pulled out of his pocket was a pair of pliers, with which he was fixing a fence and that he exhibited no deadly weapon. The court, believing that in the excitement of the neighborhood scrap between Long and L. H. Krapperich the testimony, as offered, could not be relied on, dismissed the case.

The Sonoma Grove, U. A. O. D., will have an official visit from Grand Officers next Saturday night and a banquet at the Fior d'Italia hotel.

Mrs. Agnes Parramore, widow of the late Dr. Parramore, of Boyes Springs is here from Oakland occupying her pretty bungalow at Boyes Springs.

Press Davis, one of the best informed men on the water situation in Sonoma valley, came over from Yountville Wednesday to confer with the engineers of the new water merger company, who have been inspecting the Emparan system.

The many friends of S. Ciucci are pleased to see him up and around after his critical illness. Folks from all over the county know Mr. Ciucci and many dinner parties planned by motorists coming to the valley were postponed until the genial host could welcome his guests again. He is now quite well and daily regaining his strength.

# "CARO" FRUIT WRAPPERS

American Sales Agencies Co., San Francisco, Calif.

Read these letters—We have many

John E. Schintzius, Wholesale Commission Merchant, of Buffalo, N. Y., says:
"In my opinion this wrapper 'Caro' should be adopted as soon as possible by all interested in the fruit and produce industry."

Robt. T. Cochran & Co., Commission Merchants of New York City, say:
"You certainly may have our endorsement of 'Caro' fruit wrappers, not alone on the merit of the wrappers which improve the appearance of the pack in a wonderful degree, but also on the efforts you people are making to encourage the best endeavors of the particular grower.
"In our judgment substantial returns will follow as general recognition is obtained."

Fox & Godding, Carlot Distributors, Fruits and Vegetables, Chicago, Ills., say:
"Replying to your inquiry as to the fruit arriving packed with different kinds of paper, wish to state the 'Caro' chemically treated fruit wrappers are the best we have seen.
"Hope the growers of the Pacific Coast will use 'Caro' instead of the heavy plain paper."

A. Levy & J. Zentner Co., Fruit and Produce, Receivers, Distributors and Jobbers of San Francisco, Calif., say:
"We used 'Caro' wrappers in our repacking room for several years past, as we know it makes a much more attractive package than the ordinary Wrapper, carries the fruit better and aids in the sale."

R. Daetwyler & Company of Philadelphia, Pa., Carlot Distributors of Fruit and Produce, Representing many large Growers and Associations from the Atlantic to the Pacific Coast, say:
"The better appearance of fruit in your wrappers is of itself a benefit, assuring sale at higher prices. The positive better keeping and carrying quality of fruit wrapped in 'Caro' fruit wrappers should induce every grower, and packer to use 'Caro' fruit wrappers exclusively."

R. F. Mayer, Sales Agent, Fruit and Produce, Member Western Fruit Jobbers Assn., New Orleans, La., says:
"'Caro' wrapped fruit is arriving in splendid condition, and owing to the transparency and nature of the wrapper, the fruit is shown off to the best advantage. As soon as the merits of 'Caro' have become generally recognized, increased returns to the growers will follow."

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3½-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

Friday afternoon March 18th will be social afternoon with Mrs. Stofen as Hostess and Miss Edna Cooper in charge of the programe. It was decided to have a social evening on Mar 31st. in honor of our retiring and incoming presidents. Six of the past presidents will have charge of the affair. Each member will be allowed one invitation.

Miss Meta Stofen was elected vice-president and Mrs. Albert Stein corresponding secretary. Mrs. Adler, Haves and Wicker were elected as Trustees and Mrs. Edgar Clements was appointed Club Reporter.

Mrs. Emparan, our retiring president has been a hard working and faithful president and we all appreciated her efforts and trust that our incoming president, Mrs. Hunter, will prove as highly efficient and have as a successful term as our retiring president. Mrs. Hunter rendered a recitation entitled "Our Womens Club" which is given below:-

"What is a woman's club? A meeting ground
For the purpose, great and broad and strong,
Whose aim is in the Stars; who ever long
To make the patient listening world resound
With sweeter music, freer tones.
A place where kindly lifting words are said,
And kindlier deeds are done; where hearts are fed
Where wealth of brain for poverty atones;
Where hand grasps hand, and soul finds touch with soul;
Where victors in the race for fame and power
Looking backwards even in their triumph hour,
To beckon others to the shining goal,
This is a Womans Club, a haven fair,
Where toilers drop an hour their load of care."

Maud B. Stein, Club Reporter.

## A. E. WARRINER WAS IN WASHINGTON 56 YEARS AGO

With interest centering around Washington in these days of the new administration and Inaguration, A. E. Warriner, one of Sonoma's Grand Army men, recalls that 56 years ago last Thursday, he was encamped in Washington with the Union Army on the east front of the Capitol after the routing of the Confederate army under General Lee. Mr. Warriner hopes to visit this historic ground in the near future.

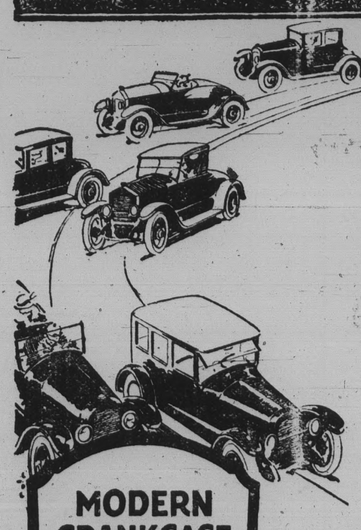
At Your Dealers



The manufacturer of Your car recommends—
The crankcase should be thoroughly drained and flushed at regular intervals. Refill with fresh oil.
—from the Book of Instructions.
This recommendation is made to prevent rapid depreciation of the engine caused by road dust, carbon, fine metal particles and other impurities, which accumulate in the crankcase oil and circulate through your engine, impairing its efficiency and ultimately leading to avoidable repairs. However, these important instructions are often disregarded; cleaning the crankcase is a job generally disliked.
To meet this need, Modern Crankcase Cleaning Service has been established by first-class garages and other dealers, co-operating with the Standard Oil Company. These garages and dealers use Calol Flushing Oil,—the scientific agent that cleans out old oil, dirt, grit and other impurities, and does not impair the lubricating efficiency of fresh oil used. The cleaned crankcase is refilled with the proper grade of Zerolene.
Look for the garage or dealer displaying the sign shown here,—it means, "Better operation and longer engine life," a service promptly given at a nominal cost.
